

Dear children:

I hope you are all doing well.

I'd like to ask for your help: I need to know what happened to my spiderweb. I had placed it on a windowsill, thinking it would be a safe place, but when I returned, I discovered it was gone.

I would love to hear how this happened and if you have any ideas or advice on how to fix it.

I await your response and send you a warm hug.

PICKY SPIDER

Dear Picky Spider,
