

MARINE EXPLORERS

1. Choose your favorite marine organism:

It can be any creature that lives in the Ocean, from microorganisms to the largest mammals.

2. Develop a fact sheet:

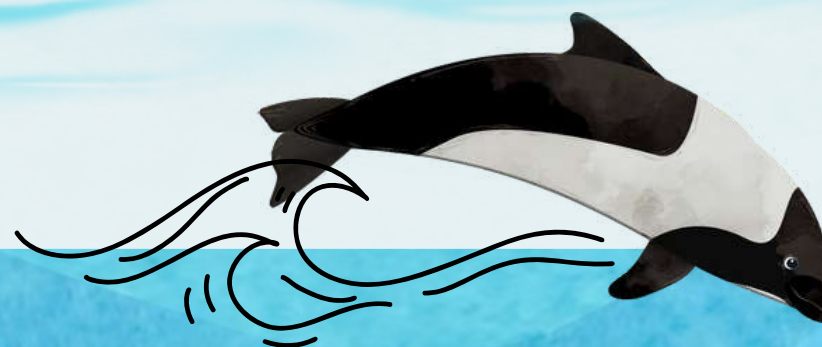

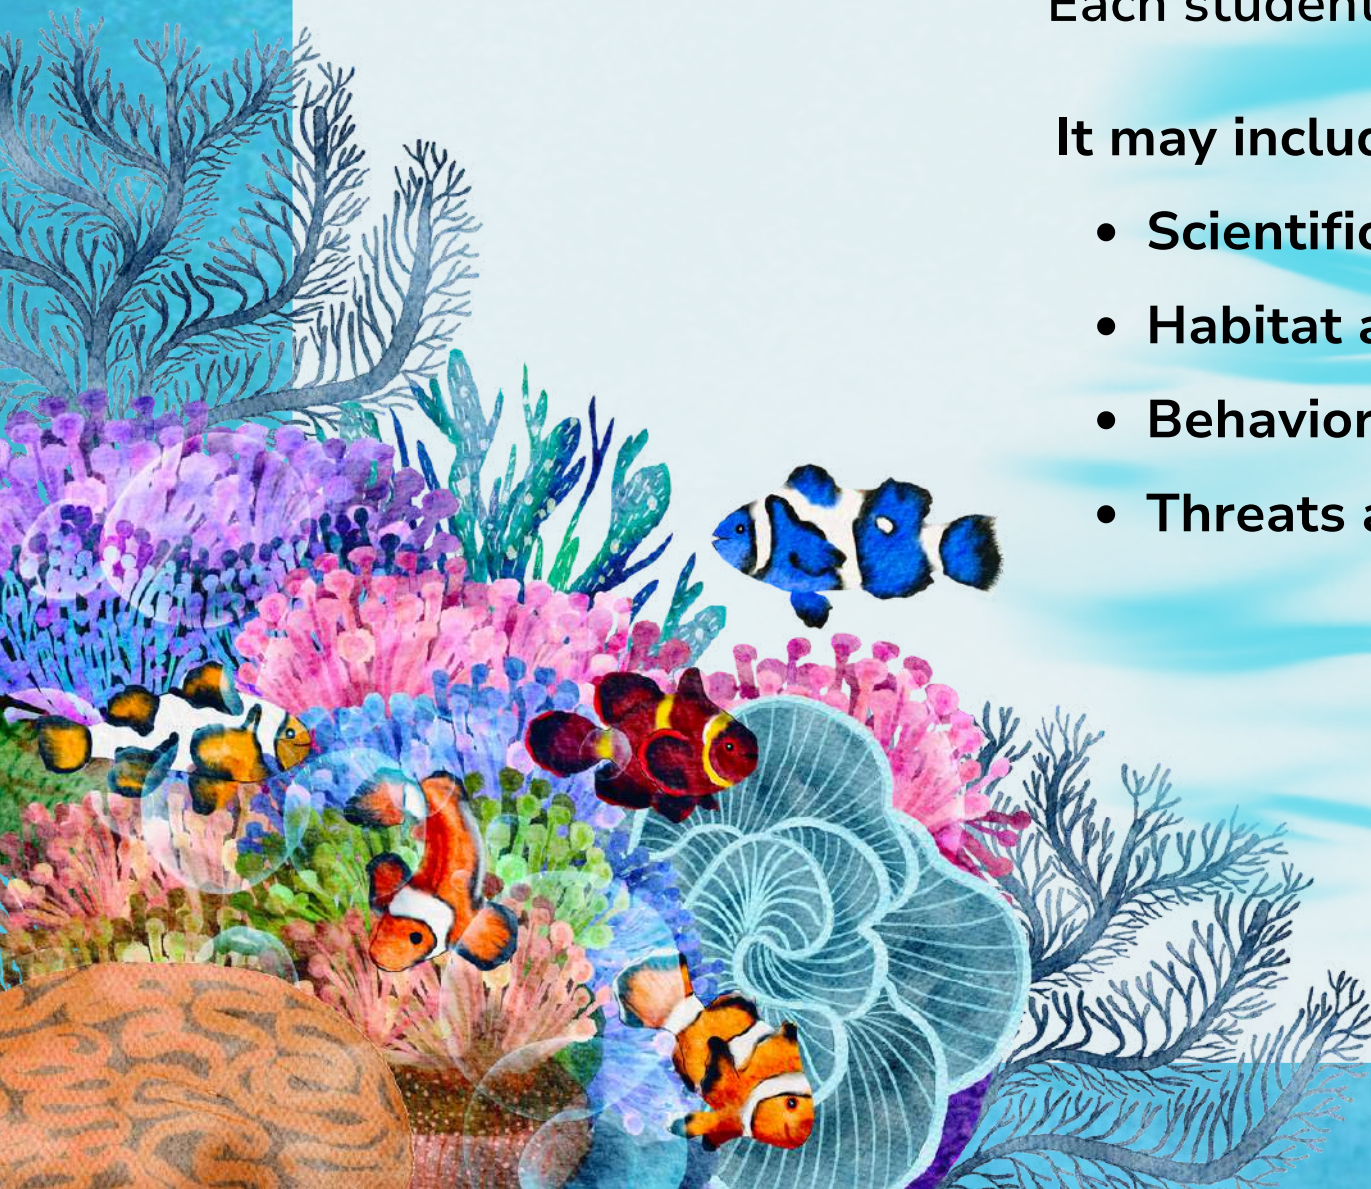

Each student will use the resource sheet to create their own individual fact sheet.

It may include aspects such as:

- Scientific name
- Habitat and diet
- Behavior
- Threats and conservation

3. Presentation to the class:

Each student will have 3 minutes to present their fact sheet to the rest of the class.

WHAT I RESEARCHED

My chosen organism:

HABITAT

It can be found in:

DIET

These species feed on::

BEHAVIOR

They are known for::

THREATS AND CONSERVATION

- The main threats to them are::

MARINE EXPLORERS
